

FORSSTROM NEWS

spring 2009

FORSSTROM supplies the entire solution!

Thanks to a close and active dialogue with the customer FORSSTROM has been able to deliver an advanced and creative machine system to DHS Systems, a major supplier of soft-walled shelters in the USA.

FORSSTROM offers financing options

We stand by our customers even in tough times. FORSSTROM therefore offers direct financing for all our machines as well as the possibility of renting our stationary machines.

EMP – now even better

FORSSTROM's unique welding program EMP now makes it even easier to achieve optimum welding results. The operator need only set two parameters: tool area and press force.

The machine looks after the rest.

New web site

You haven't missed the FORSSTROM completely new and fresh web site?

FAAI reinforces

FORSSTROM's centre for training and demonstration, FAAI, is constantly under development. As a step in our efforts to provide our customers with the best possible service we have acquired a tensile tester.

Come and meet us

As usual we will be participating this year in a number of trade fairs round the world.

New agents

FORSSTROM reinforces its network of local representatives in Europe with four new associates.

FORSSTROM News in new format

From now on FORSSTROM's newsletter will be completely web-based.
