

material data

- **Material reference:** seemee® mesh premium B3127
- **Material weight:** 350 g/m²
- **Field of application:** Building wraps, indoor, advertising
- **Type of weld:** Overlap 30 mm
- **Type of welding tool:** Soft electrode
- **Recommended overlap to obtain acceptable tensile strength:** 20-40 mm
- **Average tensile strength (weft):**
 - non-welded: 1500 N/5 cm
 - welded: 1625 N/5 cm

machine solution

- **Machine model:** TX, TD 300-650
- **Length of tool holder:** 1200-1400 mm
- **Accessories:** Soft electrode
- **Software:** EMP, LOP

EMP settings: Energy factor 4,0 Pressure 3,5 kg/cm²
